## Chapter 1 by NoodleCake Potato

There once was a valiant knight by the name of Sir Stanley of the Buttsmack Isle.

## Chapter 2 by NoodleCake Potato

Sir Stanley had defeated every foe he came across in his many quests, all but one.

## Chapter 3 by Mrs. Draco Malfoy

The only foe to ever defeat Sir Stanley was Princess Delphie. Now, don't let the title of princess fool you, she's as hardcore as any knight out there. In fact, she was the leader of a group of kick-ass princesses called the "Knight Slayers". They refused to let any man say that they could beat them "because they were women". Oh no! No one would ever, not in all of the Buttsmack Isle, would be able to take down the Knight Slayers.

## Chapter 4 by Sir Edgey the Maniacal Murderer

Stanley, of course, being quite unwise yet terribly over confident, foolishly challenged Princess Delphie, leader of the Knight Slayers, to a battle of butt smacking. For you see, Stanley was a misogynistic pig who objectified women and thought them to be below him.

Princess Delphie, however, would not stand for that, and valiantly accepted his challenge. The rules were simple- the first to smack their opponent's butt was the victor.

Stanley was put to shame he just couldn't believe it. He had been beaten by a GIRL at what what he had prided himself in. The art of Butt Smacking was taken very serious in his home town. He left the town and retreated to the woods to train and better his skills of Butt Smacking after all, What knight of Butt Smack isle accepts defeat like a man? "Someone HAS to beat her." He thought as he rode into the woods on his majestic horse who's name was as bold as his mane his name was whispered and found holy by all gods and that name was...Dikshit and it was fucking beautiful.
